Complaint (denuncia):

ABOUT 1 HOUR THEY READ MY LEGAL MATERIAL.
On 12/17/19 at approximately 6:55pm Wettehahn, Clem & Thiel shook down my cell. They opened every single envelope including 3 that were marked outgoing legal mail and addressed to Shannon Elkins and Elizabeth Pollack and read many of my outgoing legal items slowly and deliberately for content. I warned at the camera when they were reading legal mail. It happened the same day I served a Rute to Show cause memorandum on Brian Frank, which may or may not be a coincidence. I can't say I know why they came down here. I can say that they were reading my legal material for content. When I complained Thiel made a comment to Clem something like "Do you see how defensive he is about his legal material? He probably has something hidden in here, check it close." Mr. Derwin Bailey was a witness. I REQUEST THE VIDEO BE PRESERVED FOR USE IN COURT UNDER FRCP 26, 34, & 37. Wettehahn just watched.

THEY SPENT ALMOST AN HOUR READING MY MATERIAL.

Thiel also said "Just because it's marked legal mail doesn't mean we can't read it."

Mine was the only cell they searched. I want their report.

When staff search a cell. They are trained to search everything to include your legal mail. They do not read your legal mail but it is searched for contraband or anything else that may be a safety or security issue.

Complaint (denuncia):

I had two pieces of mail returned postage due last week. I ~~also~~ also received some photocopies of envelopes from the U.S. Clerk.

By looking at the envelopes and postmarks I was able to tell that privileged mail to the U.S. Clerk had been

#1 torn open and re-taped shut

#2 kept as long as 10 days prior to mailing

#3 taken to Minneapolis to mail instead of being mailed at Elk River.

By checking incoming envelopes I have noticed a similar delay in delivery and taped envelopes on incoming privileged mail. I always ask C.O.'s to check outgoing mail in my presence and I ~~was~~ was ~~not~~ not. Someone is intercepting my privileged mail.

I believe my outgoing mail is being read and intercepted contrary to 28 CFR section 540.14 and United States Department of Justice Federal Standards for Prisons and Jails section 12.05, and that I am not being given notice of mail interception and seizure of mail in violation of *Procunier v Martinez* 416 US 396 (1974). I grieve these practices. Some of my incoming and outgoing seized mail has been legal mail: correspondence with attorneys, the court, and officials privileged - from violation.

To the Clerk

Enclosed please find the last pages of Plaintiff's Reply to Defendant's Opposition to Plaintiff's Motion for Sanctions and Motion to Compel. These seemed to be missing from the pages you sent me back, and I mentioned I'd be sending this back in my letter "Interference with Court Communication II," also dated today, which addresses some mysterious stuff (or not so mysterious stuff) that's going on with these filings. I also noticed that two of the Documents seem to be duplicates in the series of Document 40-44. I'm not sure what to make of that, although it has occurred to me that if Mr. Yount's mail and the Court's were taken together and opened at the same time the pages might have gotten mixed.

Sincerely,

Michael Hari

Complaint (denuncia):

On 12/6/19 at approximately 5:45 pm (between 5:30 and 6:00 pm) I gave Officer Zach Beaumaster an envelope addressed to attorney Jerry Nieman 140 N TAFT PAXTON IL clearly marked "Legal Mail." I saw him take the letter out before inserting the CD of legal material and quite deliberately read it. I told him twice, "Hey, that's legal mail!" but he finished reading it before handing it back to me to seal. The envelope was marked, the letter was addressed to an attorney, and the content was obviously legal, yet Officer Beaumaster read it even when I complained. This took place in the hall directly in front of door 510, and should be on video. I am grieving his reading my legal mail, AND I AM REQUESTING PRESERVATION OF THIS VIDEO FOR DISCOVERY IN FEDERAL COURT PURSUANT TO RULES 26, 34, and 37 of the Rules of Federal Civil Procedure. I REQUEST A COPY OF THE FRONT OF THE ENVELOPE ALSO.

Did you check the video, and will
 the video be preserved for evidence

Also, why did the grievance original
 disappear? Seems a little too convenient

The Sergeant who answered your initial grievance was correct. Staff are allowed to inspect privileged mail in the presence of the inmate for contraband before it is sealed. This is stated in the inmate handbook. This Sergeant also talked with the staff person mentioned by you and that is exactly what he did, scan the mail for contraband. Per the inmate handbook, "All outgoing mail must be turned over to jail staff before it is sealed. Staff will inspect outgoing correspondence in your presence unless there is reason to believe the item might present a threat to the facility's secure or orderly operation, endanger the recipient or the public, or might facilitate criminal activity". The officer is just doing their job, they don't read your mail, nor do they care what you wrote to your attorney or anyone else. Just doing what they are trained to do, look for contraband. No further action taken, appeal closed.

Re: Interference with Court Communication

I have noticed my mail delivery and my outgoing mail have both become unusually slow, including mail sent to me by the court.

Mail (outgoing) already sealed and checked by corrections staff has arrived re-opened. Staff at Sherburne Co. Jail have advised me it is possible the mail is being intercepted by another law enforcement agency. Some mail has taken as long as 10 days to two weeks to arrive from Minneapolis. Court mail is arriving taped shut.

Re: Interference with Court Communication II

The Plaintiff, Michael B. Han requests
this letter be filed under temporary
seal.

This morning (Oct 18) I received
4 mailings from the Clerk that
demonstrate my mail to and from
the Court is being intercepted,
delayed, and sometimes opened.

Documents 46-44 were mailed
September 24. 9 days later, on
October 3rd, they were returned to
me "insufficient postage."

Ex.

#19
P62

I mailed them again on October 3rd with a note of explanation. The Clerk did not receive these documents until October 16.

Although I mailed these documents at Sherburne County Jail on October 3rd (in Elk River, Minnesota) they were postmarked October 15 from Minneapolis.

In the past, I have received documents very promptly, (within a couple of days) from Minneapolis. The past few weeks, however, mail has been taking 10 days to two weeks to be mailed (checking postmarks) when I read it out and often is late when I receive it, too. Some mail from the court arrives taped shut, I sent one such envelope in my letter "Interference with Court Communication" dated October 15. Inmates aren't allowed tape. I insist on sealing legal mail in my presence.

Someone is intercepting my mail to the Court at Sherburne County Jail, taking it to Minneapolis, keeping it a week or more, opening it on occasion, and

EX #9
P63

then mailing it from the Minneapolis post office instead of Elk River.

My "Plaintiff's reply to Defendant's Oppositions ..." (Document 411) arrived, apparently, with only the first four pages. I have enclosed the rest under separate cover.

This interference with court communication is prejudicing my rights by delaying my filings, interfering with privileged communication, inconveniencing my opposing party, and wasting the court's time.

If the FBI wants to play secret squirrel with my mail, they'll have to be clever enough not to keep it for weeks and to mail it from the correct post office if they want me not to notice. I have not served Mr. Yount with a copy of this letter at this time. I request the court investigate this matter in the interests of justice.

Plaintiff
pro se

Respectfully submitted,
Michael Hawn

I sure hope whoever is intercepting and mixing up my mail is having a good time. I don't find it funny. I just received my copies of the missing pages of my ~~Reply~~ Reply, Document #47. Once again, it has arrived with a duplicate page and missing page, and my guess is that Mr. Hunt has the balance of them. Today I am sending a complete set of page numbered leaves of this reply as incomplete and duplicate copies are now scattered through Documents 43, 44, & 47. I also sent an evidence index. I don't know what else to do.
